VITONE ARCANA DA 1/2" GARANTITO.

La curata progettazione unita alla continua ricerca ha consentito a questo vitone di superare brillantemente tutte le prove dettate dalle norme NF-Francesi e DIN-Tedesche. Più di 500.000 cicli di apertura e chiusura, elevate portate d'acqua e

un'ottima silenziosità della rubinetteria stessa sono solo alcune delle qualità che questo vitone offre all'utente finale.

GUARANTEED 1/2" ARCANA HEADVALVE.

The accurate planning with the continuous research has allowed this headvalve to pass brilliantly all tests required by French NF and German DIN standards. More than 500.000 opening and closing cycles, high flow rates and an excellent noiseless of the fittings are only some of the qualities that this headvalve offers to final customers.

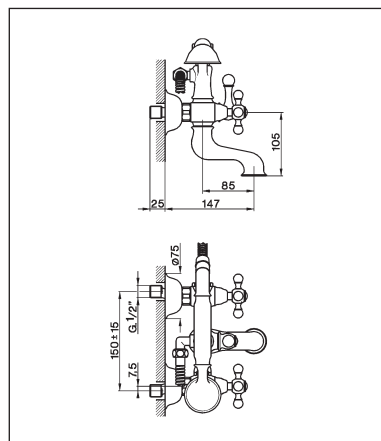

TÊTE ARCANA 1/2" GARANTIE.

L'expérience et la recherche constante ont permis a cette tête de passer brillamment toutes les épreuves exigées par les normes NF-Françaises, DIN-Allemandes. Plus de 500.000 manoeuvres d'ouverture et fermeture, un débit important et un silence excellent en font une des têtes les plus performantes.

ARCANA OBERTEIL - GARANTIERT -

Intensive Forschung und eine abgestimmte Planung auf die einzelnen Märkte, brachte die wichtigen Prüfzeugnisse für den deutschen und den französischen Markt. Eine hohe Durchflußmenge, ein niedriger Geräuschpegel und ein hervorragendes Testergebnis in der Langlebigkeit, (500.000 Bewegungen) garantieren dem Käufer die hohe Qualität.
