irresistibile
come un
bicchiere d'acqua
alla sorgente

KITCHEN Series

cool like
a glass
of water
at the source

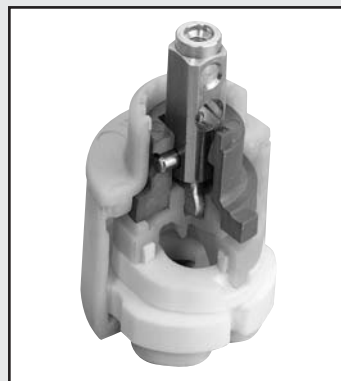

Série Cuisine

irresistible
comme
un verre d'eau
à la source

Serie Küche

unwiderstehlich
wie ein
Glas
frisches Quellwassers

La cartuccia, il vitone a dischi ceramici e il vitone tradizionale Cisol, progettati secondo le norme NF-Francesi, DIN-tedesche, oltre a superare ampiamente la prova a 500.000 cicli di apertura e chiusura, hanno consentito l'ottenimento dei più prestigiosi marchi di qualità sui prodotti Cisol, grazie alle elevate portate d'acqua e alla sorprendente silenziosità.

The CISOAL cartridge, the ceramic discs' headvalve and traditional headvalve, designed according to French-NF, German-DIN standards, have not only brilliantly passed the 500.000 opening and closing cycles, but they also enabled to obtain the most prestigious quality brands on Cisol single lever mixers, thanks to the high flow rate and a surprising silence.

La cartouche, la tête céramique et la tête standard Cisol, conçues suivant les normes NF-Françaises, DIN Allemandes, non seulement passent le test des 500.000 cycles d'ouverture et fermeture, mais ont aussi permis d'obtenir les marques de qualité les plus prestigieuses sur les mitigeurs Cisol, grâce aux débits d'eau élevés et à leur fonctionnement incroyablement silencieux.

Die Cisol Kartusche, Keramikoberteil und klassisches Oberteil, die gemäß den französischen NF-, den deutschen DIN Vorschriften entworfen sind, haben weitaus die Probe von 500.000 Öffnung -und -Schließungszyklen überstanden und zudem dank der großen Durchflussmenge und der überraschenden Geräuschlosigkeit die Auszeichnung mit bedeutenden Qualitäts-Marken auf den Einhand-Batterien Cisol ermöglicht.
